

Fowlmere Primary Newsletter

18th September 2026

Week 3

It has been lovely this week, walking around the school and observing how well everyone is settling into their lessons and new learning. I saw some great practical science investigations around the school, including one using tights and Weetabix to explore the digestive system and another using sweets to understand Classification of Animals! Keep up the good work children!

Thank you to everyone who was able to join us at the Curriculum Meetings, if you were unable to attend, the Curriculum Meeting PPT's will soon be found on the class pages on the website.

Fowlmere & Thriplow Gardening Club Garden Show Saturday 19th September 2026

Good luck to all the children who are entering for the competition at the Fowlmere and Thriplow Gardening Club tomorrow!!!

Following our first Full Governing Body Meeting of the year, the governors, have a message they would like to share:

A Message from the Governors

We wanted to share some highlights from our first meeting of the new academic year as follows:

It is great to start the term with a full team of staff who are all full of exciting ideas for the term ahead. Sadly, Anna Morris, one of our teaching assistants, is missing out on the new term buzz as she is currently away from school following an injury. We wish Anna a speedy recovery and hope to see her back with us very soon

The building work is progressing well. We are hoping it will be completed by the end of October half-term. We know everyone is looking forward to seeing the finished result! Once the work is complete, we plan to invite parents in to have a look around and see the improvements for yourselves

We are also delighted to be continuing our partnership with Foxton School, which provides a great opportunity for our schools to work together, share ideas and create positive experiences for our children and staff

Finally, we currently have a vacancy for a Parent Governor. Being a parent governor is a great way to get involved in the life of the school and to contribute to its future. If you would like to find out more about what the role involves, or are interested in applying, please get in touch with the school for further information. We would be very pleased to hear from you!

As always, thank you for your continued support of the school. We are looking forward to an exciting and successful term ahead.

Best wishes
The Governors
